EXPERIENCE

UI/UX Designer

July 2017 - Current

Stampede Design Sdn Bhd

I do UX consultation to our client from design to business idea. Able to help client to solve their problem by doing UX workshop and Google Design Sprint. I wrote a design rationale to support my design while present to client. Designer team will have our own design system to keep all design consistency.

Junior Admin System & Graphic Designer

August 2016 - July 2017

Globalclub Empire Sdn Bhd

Globalclub Empire is a social business network and advertisement platform. I do some data entry on MySQL Database. I do video editing for company to promote on YouTube channel and social network. Also, I do some graphic poster and banner for event.

Internship as Web Developer

February 2016 - August 2016

Amanz Media Sdn Bhd

Amanz is a media publishing company which everyday publish news about gadget and technology within past 24 hours and every week. During my internship, as web developer, I do some web programming project which about "Wedding Needs". I use Wordpress CMS for backend and payment integration. I used Marvel app to do mobile application prototype.
